

# The 2025 Bigfoot Scavenger Hunt

## Photos and Feedback from our Hunters

This year, we set out to enhance the experience for our participants—from start to finish. Based on the photos and feedback shared in the following slides, we believe we succeeded.

Funding for the BFSH provided by [Sacramento Mountains Foundation](#). Thank you!

# Registration: 100 Players made up 28 Teams

(and there was only one no-show)

# The new Bigfoot Tattoo Parlor was a hit

There were plenty of bandages to go around for everyone

# The Photo Booth props were fully utilized

(Someone had an idea that was immediately dismissed: Create an actual photo booth with a forest backdrop. Brilliant!)

They were all over the place...and won!

# The Hairy Hootenannies and a Few Bald Men

The Winners of the 2025 BFSH Good Sport Award (which is this slide being shared with the world)

This Team called right after we sold out and were offering Guest Passes. They asked for 14. Really?

I mean, they were made up of 2 families, coming from Roswell. What were the odds that even half of them would show up?

Well, 13 of them did, and they spent the whole day before creating custom shirts for them all, on a home T-shirt printer.

They weren't eligible for trophies, door prizes or scratch-offs, but played as hard as anyone in the Hunt. And had a blast!

There were a dozen more requests for Guest Passes, and we're so glad we were able to accommodate these folks. Fair warning for next year...Register early, and congratulations to THHFBM for winning the BFSHGSA!

**There's a rumor that there will be a Bounce House and Food Truck next year. Whaddaya think?**

# Sometimes, organization and timelines are elusive

(Let's blame the teams that just concocted Bigfoot names, confounding our scorekeeper, hoping she wouldn't notice)

# The Winners!

(Well, a few of them, anyway. Six trophies were awarded to Trailblazers and Pioneer teams)

# Feedback from our Hunters

*Stevie and I had a blast on the hike!*

This was our first year and the boys were thrilled to win third place! The excitement was hard to contain every time we found a silhouette and they tried to keep it a secret. It was such a fun way to spend an afternoon out in nature. We are already looking forward to joining in again next year!

*Thanks so much! Our 2nd year doing this and we loved it.*

We had the best time on the hunt. Our big foot hunting group was from ages 1-75. We have hiked the trestle trail a dozen times but this was our favorite time! We enjoyed the competitive and fun spirit while meeting other teams along the way. Thank you for putting on this amazing event for all ages!! We hope to make this a new family tradition each summer.

*Had a blast!*

# Thanks to all of our Hunters for their photos and feedback!

## We couldn't have done it without you

### Why do we do this? What's in it for us?

Well... we have just as much fun as you do.

We also hope you'll consider volunteering—or becoming a member (we love both equally).

And maybe, just maybe, your kids will one day look back on this with such fond memories that they'll be inspired to get involved themselves—as volunteers, members, or even future champions of the community.

These are worthy goals—among many others.

We know, Life is Full. But consider:

Becoming a member. Volunteering if you can. Joining us on a Work Day (kids welcome!).

**Above all, keep seeking out the best experiences for yourself and your family.**
